— longlasting style

What I like:

- interesting visual & texture
 - not too delicate, fear of snagging; not too oversize, fit w/ jacket
 - visually impactful, tactile interest
 - relatively sturdy/durable
 - adjustable in size, proportions
 - unexpected, clever, novel, humor
 - references aren't just depictions, some level of interpretation, not the most obvious solution.
 - masculine silhouette/shape, but expressive color/texture
 - rich colors, fun
 - pattern — a little bit of op art — negative space interplay, leads the eye around, rhythm, abstract/geometric
 - engage w/ the tropes of/affordances of the garment & techniques
- americana imagery
